

Work in groups

DOCTORS

1. Tell us about health care in your country. (cost, availability, quality)
2. Have you ever broken an arm or a leg? Tell us about your experience.
3. How often do you visit a doctor? Is it hard to get an appointment? Do you have to wait long?
4. Do children in your country get vaccinations against some diseases?
5. Is private health insurance common in your country? Is it necessary?

DENTISTS

6. How often do you visit a dentist?
7. Tell us about dentists in your country (cost, availability, quality)
8. Are you afraid of dentists? What is the worst thing about going to the dentist?

MEDICINE

9. Is medicine expensive in your country?
10. Have you ever had a bad reaction to medicine?
11. What do you do when you have a headache?
12. What kinds of alternative medicine have you used? (eg, Chinese medicine, herbs, home cures ...)
13. Some people say that we rely too much on medicine and that we should rely more on our own bodies to cure ourselves. What do you think?
